BAUDVILLE

T.M.

Create motion picture shows. Stunning Animation that's fast, smooth, and flicker free! Write, produce, and direct your own computer movies. No programming skills are needed to create superb full-color animation. With easy to use TAKE-1, you define animation shapes and movements, "scene-by-scene" frame-by-frame, add text at any time, and then combine the scenes to make a complete movie. Perfect for presentations and demos.

Premiering: • True sprite capability for multi-layered action without additional hardware.

• No size restriction on animated objects. • Complete editing at all stages of production.

• Can use hi-res pictures, shapes, and fonts from PIXIT or other graphics utilities for background scenes and animation shapes.

TAKE-1 requires an Apple IIc, IIe, II+, IIx, or compatible computer with 64K minimum. Apple is a registered trademark of Apple Computer, Inc. Baudville provides a limited ninety day warranty on the recording media. The warranty does not apply to the software programs, which are provided AS IS.

BAUDVILLE TAKE 1 TOOLKIT LICENSE AGREEMENT

The TAKE 1 PROGRAMMER'S TOOLKIT lets you put the power of TAKE 1 animation in your own programs.

TOOLKIT FEATURES

- **MOVIE DISK**—Create a disk that will boot and run your movie automatically without the TAKE 1 program disk.
- **MOVIE DISK PLUS**—Create a disk that will boot and run a movie and then run your Basic program.
- **PROJECTOR MODULES**—Allow you to use TAKE 1 Actor files to create fast, smooth animation from your own Basic or machine language programs. Examples of program applications are provided on the disk with fully commented listings in the documentation.
- **BACKGROUND DECODER**—The Background files created with TAKE 1 are standard hi-res screens that are specially compressed to take up much less space on the disk. You can use this ultra-fast picture unpacker in your own programs.

IMPORTANT

Each TAKE 1 TOOLKIT is licensed by Baudville to the original purchaser of the product according to the terms set forth below. Signing this agreement indicates your acceptance of these terms. You must be a registered owner of TAKE 1 to be eligible for the TOOLKIT.

PERMITTED USES

You may use the software for personal use and for use in your business or profession. The TOOLKIT may be copied, provided such copy is for archival purposes only for your own use.

USES NOT PERMITTED

You may not use this software for applications involving the manufacture, marketing, distribution, sale or publication of a product or service in more than one state, or in countries outside of the United States. TOOLKIT owners may apply for a separate license for applications involving interstate trade, as well as any application involving international trade. You may not grant sublicense, leases, or other rights in the software to others.

To obtain your copy of the TAKE 1 PROGRAMMER'S TOOLKIT, just send \$60 along with this completed license agreement to Baudville, Inc., 1001 Medical Park Drive S.E., Grand Rapids, MI 49506.

TAKE 1

ANIMATION LIBRARIES

A series of Animation Libraries are available to enhance the powerful capabilities of TAKE 1.

Each disk contains a large selection of professionally designed actor files with pre-recorded actions ready to use in your own animated movies. In addition you will be able to learn a great deal about how to design your own actor files by examining the techniques used in each library.

Each library contains a Demo Movie with several short scenes using some of the actor files on the disk.

HEROINE CHEER - Actions: CARTWHEEL, JUMP, KICK, ARM MOVE - Our heroine is very athletic, a real all American girl.

SEA GULL - Actions: FLY - This actor uses several snapshots to create a very smooth flying action.

HERO RUN SIDE - Actions: RUN SIDE - This is the actor file used in the 100 Yard Dash scene on the demo movie.
